## PHYSICAL / PSYCHOLOGICAL WORKERS COMPENSATION INVESTIGATIONS

Our SafeAssure specialist health and safety consultants are well placed to assist you in preparing expert reports in accordance with the Expert Witness Code of Conduct.

SafeAssure has been engaged by several law firms and clients to conduct detailed incident investigations and provide WHS Expert Opinion Reports for WHS legal matters and presentation in court.

Our experts have extensive experience in the identification of WHS issues, risks and required assessments. Where contentious injuries have occurred, our experts can assess specific workplace environments to establish issues of fact.

SafeAssure Managing Director, Gareth Davies has been engaged as an expert and led investigations into several serious incidents, dangerous events and HiPo events including, but not limited to: 2No. fatalities; Underground Inrush Event – Coal Mines; Fatality Expert Report (PIPA Claim); Scaffold Failure Expert Report (PIPA Claim); Uncontrolled release of 80kg Motor from 14 metres; ATV collision with 32 Bar Pressure Water Pipe; Crane Incident – Snapped Crane Rope; and Building Dispute Investigations.

Our highly qualified staff provide expert witness services when in depth, accurate and convincing reports are called upon. As with everything we do, we work with honesty, respect and openness, for your complete peace of mind.

A sample of our clients include:

- McCullough Robertson Lawyers
- Meridian Lawyers
- DWF Group
- HWL Ebsworth Lawyers
